

MARK DENTON

AWARD-WINNING SPEAKER

NAVIGATE THE STORM MASTERCLASS

WATCH SHOWREEL: (2:13)

IMMERSIVE LEARNING

Looking for all the great learning from the **Navigate the Storm** keynote speech but in a more immersive and interactive format? Welcome to the **Masterclass!**

This half or one day virtual or face to face workshop deepens the learning and application of Mark's award winning **Safe, Happy** and **Fast** methodology, by challenging delegates with many of the dilemmas Mark and his team faced.

And as these mirror many of the key challenges facing business today, delegates can put what they've learnt into practice the very next day!

A UNIQUE APPROACH

Masterclasses blend Mark's rich narrative, insight, stunning video and images with interactive breakout sessions in teams to bring the learning alive.

But not only that, each breakout is judged and scored against a model answer, pitting team against team in their own virtual race around the world!

So not only are they learning about the challenges of leadership and teamwork, they're also experiencing it for themselves!

WHAT PEOPLE SAY;

"How often can you get 100% attention all day and 5 star reviews? Mark can!"

- Liam Dolan Barr, Head of HR, Homeserve Ltd.

"I've never experienced anything quite like this in over 25 years. Our clients just rave about them"

- Ruari Chisholm Director, High Performance Development

"exceeded my expectations and they were already sky high!"

- Alison Maskell Head of Talent, Zurich Insurance
