DAKOTA MEYER

AV REQUIREMENTS

MICROPHONE

A hand held microphone (with backup batteries) is required because Dakota walks around during his presentation.

COMPUTER

Dakota uses a MacBook computer that requires a USB-C—HDMI adapter. Please provide a clicker to advance slides.

PRESENTATION

Aspect ratio: 16x9

Dakota uses Keynote and will have videos embedded in his presentation. Speakers/audio should be very high-quality and sufficient for the entire audience to hear sound/video clips played directly from Dakota's laptop. Please make sure the sound system is functioning and tested before his arrival.
