

ROBERT O'NEILL

AV REQUIREMENTS

MICROPHONE

A lavalier microphone (with backup batteries) is required because Rob walks around during his presentation.

COMPUTER

Rob uses a MacBook computer that requires a USB-C—HDMI adapter. He'll bring his adapter but asks that you have one as well for back up.

PRESENTATION

Aspect ratio: 16x9

Rob uses Keynote and will have videos embedded in his presentation. Speakers/audio should be very high-quality and sufficient for the entire audience to hear sound/video clips played directly from Rob's laptop. Please make sure the sound system is functioning and tested before his arrival.

ADDITIONAL INFORMATION

Rob will not be able to share his presentation in advance
He will play his introduction video from his laptop.
A bottle of water on stage is appreciated.
