

At the age of 16, **Nick Scott** was an ordinary teenager with an interest in athletics, when a near-fatal traffic accident changed life as he knew it... forever. After the accident, Nick became overweight and discouraged, but somehow found the determination, mindset and personal strength to transform his life from a debilitating tragedy into a personal triumph. Now he uses those hard-won insights to help others awaken the beast within themselves and achieve their personal goals.

Leading by his personal example that it is okay to be yourself, regardless of how different or unique you are, Nick is bringing a new path and a more clear vision through his speaking engagements with Business Groups, High Schools, Universities, Corporations, Non-Profits and many other groups and organizations, rather than just targeting the fitness world. Nick believes that he can accomplish more by targeting the mainstream on a bigger scale and achieve the same goals, while at the same time touching the hearts of even more people.

Vested in helping others, Nick Scott speaks honestly from the heart of his passion, combined with expert knowledge and personal experience. He blows people away with his vision, ambition, and the speed at which he implements his philosophies and ideas. Speaking as an individual with a physical disability, Nick Scott shares the message:

SUCCESS IS NOT A DESTINATION; SUCCESS IS THE JOURNEY!

For Nick, settling for anything less than his best, giving up or quitting is not an option; it is simply not part of his personal equation for success.
