

Whether you need to motivate your sales & service team, improve employee morale, instill strong leadership skills, deal with stress, or embrace change- then **Steve Rizzo's** "Common Sense Success Strategies" will take your audience to the next level. As one of his clients said, "Never has my group learned so much and laughed so hard in one sitting!"

Once upon a time, Steve Rizzo was told by a guidance counselor that he didn't have the intelligence for college. A few years later he was saddled with the dubious high school honor of being voted "Least Likely to Succeed."

Steve went on to surprise everyone, including himself, by excelling with honors at the university and postgraduate levels. Eventually, Steve even taught English at his old high school and was a counselor for students with behavioral problems, proving once and for all that guidance counselors are not fortune-tellers.

Steve would go on to stellar success as a national headline comedian, and starred in his very own Showtime comedy special, earning him honors as a Showtime Comedy All-Star.

But the surprises didn't stop there.

At the pinnacle his stand-up career, Steve walked away from comedy to pursue his true purpose and passion—to show people how to shift their focus and way of thinking, to discover more joy and enthusiasm, increased productivity and greater levels of success.

Steve offers more than the usual nuts and bolts on how to succeed. He stresses the importance of enjoying yourself during the process of achieving your goals and building a solid foundation to stand on when all else fails because he absolutely knows that no matter what circumstances we find ourselves in, attitude is everything.
