Testimonials

"In his most recent book, Gary Cokins shows he has successfully been able to expand his base thinking into a contemporary and useful read. In recognizing the importance of enterprise risk management to today's organizations - and integrating it into the broader content message - this book makes a leap forward for 21st century business practices."

- Editor-in-chief, *Financial Executive*; *Financial Executives Institute*.

"Gary Cokins is clearly one of the world's thought leaders in the area of performance management, and the need for integrated performance management, improvement and execution is clearly at a premium in these challenging economic times. This book is a must read for CEOs, CFOs, and management accountants around the globe seeking higher levels of sustainable business performance for their stakeholders."

- President and CEO, *Institute of Management Accountants*.
