Testimonials

"Joshua's performance was outstanding, the audience was totally awestruck. His show was amazing and had the audience engaged from the very beginning. At the closure of his show he received a standing ovation from the audience. We have been doing headliner entertainment at our holiday event for the past 7 years and by far this was the best and the only standing ovation ever received from our group! I highly recommend Joshua if you are thinking of any type of headliner for an event!"
