

Peter Warren Singer Strategist at New America, a Professor of Practice at Arizona State University, and Founder & Managing Partner at Useful Fiction LLC. A New York Times Bestselling author, described in the Wall Street Journal as “the premier futurist in the national-security environment” and “all-around smart guy” in the Washington Post, he has been named by the Smithsonian as one of the nation’s 100 leading innovators, by Defense News as one of the 100 most influential people in defense issues, by Foreign Policy to their Top 100 Global Thinkers List, and as an official “Mad Scientist” for the U.S. Army’s Training and Doctrine Command. No author, living or dead, has more books on the professional US military reading lists.

Singer has served as a consultant for the US Military, Intelligence Community, and FBI. He was coordinator of the Obama campaign’s defense policy task force, named to the US Military’s Transformation Advisory Group, NATO’s Innovation Advisory Board (for unmanned maritime systems), the NSA’s Advisory Board, and is an Associate with the US Air Force’s China Aerospace Studies Institute. He is also an adjunct professor in the United States Air Force (USAF) Airman Development and Applied Research program. In addition to his work on conflict issues, Singer was a member of the State Department’s Advisory Committee on International Communications and Information Policy, and an advisor to IDS and Zignal. In the entertainment sector, he has advised a range of programs, including for Warner Brothers, Dreamworks, Universal, HBO, Discovery, History Channel, and the video game series Call of Duty, the best-selling entertainment project in history. He has received awards/ support from the Tribeca Film Institute, Sloan Filmmakers Fund, F...

Testimonials

“You were awesome. I only worry that the students will expect this high quality in all my events. A good problem to worry about.”

- University speaker series organizer.

“Singer really showed us that we were only scratching the surface of what we should be thinking about in the future. After listening to him, we have never been able to look at the world the same way again.”

- Head of Game Developer Studio.
