

Michelle Gielan has spent the past decade researching the link between happiness and success. She is the bestselling author of *Broadcasting Happiness: The Science of Igniting and Sustaining Positive Change* and was named one of the Top 10 authors on resilience by the Harvard Business Review.

Michelle holds an advanced degree in Positive Psychology from the University of Pennsylvania. She is an Executive Producer of "The Happiness Advantage" on PBS and a featured professor in Oprah's Happiness course. She formerly served as anchor of The CBS Morning News, and her research has received attention from dozens of media outlets including The Washington Post, FORBES, and The New York Times.

Testimonials

Michelle exceeded expectations and really reinforced the message we wanted to deliver to our attendees. This aided greatly in achieving our goal of setting the tone for a positive convention where minds were open to learning new ideas and attendees left inspired to accomplish more with their businesses.

- President, United Real Estate.

Michelle is a delight and everyone was overly impressed with her message and her positive spirit. Many times at conventions we find ourselves so involved in industry material that we fail to look at other opportunities to have speakers that help us in life, and being positive. The world is a crazy place at times and it seems that we need many more people to understand how to be happy and live life to its fullest. Michelle teaches us the power of being happy and how it impacts every aspect of our lives.

- Director of Business Development, United Real Estate.
