

Katherine Eitel is an experienced communications coach in the dental and discretionary healthcare fields. Katherine revolutionary verbal skills training programs have helped hundreds of practices improve marketing results, professional image, and the bottom line. Her training programs appeal to all adult learning styles. She utilizes interactive exercises and testing components that help participants truly connect to the subject, ensuring they embrace the message and apply it long after their training session.

Katherine is proud to be President of the Academy of Dental Management Consultants for the years 2007 and 2008. She is also a member of the National Speakers Association and Speaking Consulting Network.
