Former Nighttime Janitor Becomes the Authority on Attitude Known as "A meeting planner's delight!"

Sam Glenn has climbed the ranks to become one of the most sought after opening and closing keynoters in America. When your goal is to kick off your meeting or wrap things up on a captivating and positive note, then you need The Attitude Guy™! Sam has won 2 National Telly Awards for his outstanding motivational training videos.

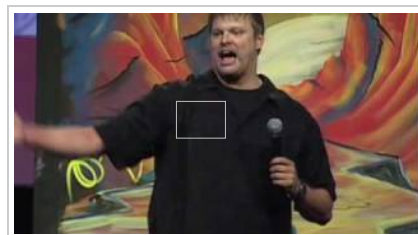

Sam Glenn's wisdom and stories are gleaned from his own life experiences of successes and failures. Having lost a successful business due to fire, Sam became negative, broke, depressed, jobless, and homeless - almost overnight. It was a chance encounter and friendship with the late and legendary, Zig Ziglar that gave Sam what he calls a "Kick in the Attitude." It was a gift that changed his attitude - and life - for the better. Within two years, Sam went from sleeping on the floor to inspiring audiences as large as 75,000 at stadium events. Sam's ability to pull positivity out of adversity, has led him to become the leading voice on the topic of attitude as it relates to being a leader, dealing with change, cultivating a culture of engagement, improving customer service, and improving your personal and professional development. Sam's energetic, and often humorous, programs engage, equip and empower audiences with practical strategies to embrace a new and fresh outlook on the way they interact with co-workers, clients, customers, family, and friends alike.

Things seemed to change for Sam Glenn after he accidentally knocked over the legendary Zig Ziglar at a buffet nearly 20 years ago....
