

Daniel Newman is the Principal Analyst of Futurum Research and the CEO of Broadsuite Media Group. Living his life at the intersection of people and technology, Daniel works with the world's largest technology brands exploring Digital Transformation and how it is influencing the enterprise.

From Big Data to IoT to Cloud Computing, Newman makes the connections between business, people, and tech that are required for companies to benefit most from their technology projects, which leads to his ideas regularly being cited in The London Times, CIO Review, CNBC and hundreds of other sites across the world. A 6x Best Selling Author including his most recent "Futureproof: 7 Key Pillars For Digital Transformation Success," Daniel is also a *Forbes*, *Entrepreneur*, and *Huffington Post* Contributor. MBA and Graduate Adjunct Professor, Daniel Newman is a Chicago Native and his speaking takes him around the world each year as he shares his vision of the role technology will play in our future.

Testimonials

“Some speakers draw you in instantly, and some save their WOW for a few minutes in. Daniel saves his amazing stories and expertise to share once he knows you're listening! His wealth of knowledge explodes as you spend time listening and he will humbly fascinate you with his experience and personal exposure to well-known companies.”
