

Terry Jones is a technology pioneer who has played a pivotal role in creating the trillion-dollar e-commerce travel industry.

Whereas other people talk about innovation - Terry Jones lives it. Only .01% of businesses reach the elusive billion-dollar “unicorn” status, Jones built and scaled not one but two unicorn businesses (Travelocity and Kayak).

As a board director for more than 20 companies, his IPOs and exits total over \$10 Billion.

Jones is a highly sought-after international speaker and a recognized global authority in the “Future of Business”, “Disruptive Leadership”, and “Digital Transformation.”

He is the author of the critically-acclaimed books “ON Innovation “Turning on Innovation in Your Culture, Team, and Organization.” And Disruption OFF, “The technological disruption coming for your company and what to do about it”

Testimonials

“Taking innovation from the lab to the business is very hard work. Terry’s ideas can light a fire of innovation in your company for years to come.”

- President and COO Nationwide Insurance.

“Terry’s real world stories and practical observations translate into individual and organizational creativity.”

- Former Chairman and CEO American Airlines.
