

As a keynote speaker, author, businessman, former national champion football player, and cancer survivor Aaron has made it his mission to help others change their lives by changing their attitudes!

Over the last 20 years, more than a million people have experienced the power of Aaron Davis's presentations. The "Expert on Attitude," Aaron delivers keynotes, workshops, and group sessions that teach and encourage others about the positive impact they can have in their work and personal life. His contagious presentation style, coupled with actionable advice, emotional insights, and tangible takeaways, make Aaron one of the most sought-after speakers in the United States.

He's helped countless individuals and organizations improve their bottom line by improving their attitudes, and he can help yours too!

Aaron was born and raised in Lincoln, Nebraska and from the age of 8 he was helping his Dad work in the evenings as a janitor in two of the town's most prominent businesses. Through mopping floors, cleaning bathrooms and emptying out hundreds of trashcans nightly, Aaron learned that it's not WHAT you do rather it's HOW you do it! It's this personal mantra that has elevated Aaron's life, and that's why he's passionate about teaching his clients how to commit to the same mindset.

Through this experience, Aaron learned the importance of having a Champion Attitude no matter what your role or title is. As a professional speaker, coach, and trainer, Aaron doesn't believe in just making audiences "feel" better. Rather, he seeks to encourage and help them "do" better, both professionally and personally, by stressing the importance of an Attitude Over Everything mindset.
