When organizations need innovation, change, and peak performance, where do they go? Usually, it's to business leaders, authors, or famous sports figures. Rarely do they go to artists! Yet for artists, innovation, peak performance, and change are their lifeblood. Being a mega-successful artist, as well as an innovative entrepreneur, Mike Rayburn is uniquely qualified to teach artistic principles in a business context, to give businesses and teams the edge they need to innovate and perform like virtuosos...and thus transform their success and significance.
