Testimonials

We engaged with Simon to deliver the keynote at our annual Elite Hearing Network conference. He was amazing - he got to know our business, built a strong & relevant message, and delivered with an energy that was perfect! I really appreciated how he took the time to get to know us and understand our challenges - and he was open to feedback for tweaks we requested. The feedback from our members was over the top for Simon!

- Senior Vice President, Amplifon Americas (Miracle Ear).

Simon spent time getting to know our attendees and their challenges in advance so he could tailor his keynote directly to them as education leaders. He was the only thought leader that was also an active conference attendee. The result was very powerful. Our attendees left inspired and rejuvenated.

- Director of Development, National Association of Secondary School Principals.
